

# Silvi Food Products OPC PVT LTD: Leading the Way in Sustainable Food Systems

Silvi Food Products OPC PVT LTD is a social and decarbonizing enterprise based in Hyderabad, Telangana, India, on a mission to bring the bounty of India's natural regions to consumer's table. Silvi Food Products ethically source unique, healthy, and nutrient-rich food products from tribal communities, promoting sustainable food practices and empowering local livelihoods.

.

# Mission and Vision

## Mission

Silvi Foods aims to provide healthy and natural food options by prioritizing **non-timber forest food products** sourced directly from tribal communities.

## Vision

Silvi Foods strive to bridge the gap between traditional wisdom and modern lifestyles by creating a **Net Zero Vision** through sustainable decarbonization solutions at all levels.

# Path and Goal: Sustainable Food Systems for a Better Future

## Decarbonization

Silvi Food Products is committed to reducing our carbon footprint through responsible business practices, natural capital protection, and sustainable supply chain management. We are committed to aligning our operations with the Paris Agreement and the Sustainable Development Goals.

## Nutrition Security

We aim to address nutrition insecurity by procuring excess non-timber forest food products, reducing food wastage, and supporting tribal communities in sustainable food production.

# Our Objectives: Transforming the Food Industry

**1. Decarbonization**

**2. Nutrition Security**

**3. Circular Economy**

**4. Digital Enablement**

## Decarbonization

- ❖ Align with the Paris Agreement and SDGs through Responsible Business Practices, Natural Capital Protection, GAP and GMP Methods, Sustainable Supply Chain System, and Sustainable Packing Solutions.
- Action Taken:** Received primary ZED Certification from the Government of India.

- ❖ The CEO has undergone 45 Days of extensive Training on “Natural Protection” conducted by UNDP's Centre for Responsible Business and Capital Coalition, further strengthening our commitment to environmental stewardship.

# Nutrition Security: Addressing Food Insecurity and Promoting Tribal and Rural Empowerment

## - Action Taken: 1

## Procuring Non-Timber Forest Products

Procuring Raw Cashew Nuts from primitive tribal communities with ethical business practices and employing tribal women in the process of Cashew Kernels. For Food Processing with sustainable solutions, incubated with Atal Incubation Centre of Association of Lady Entrepreneurs (AIC WEHUB ALEAP Pragathinagar Hyderabad Telangana India).

## - Action Taken: 2

### **Reducing Food Waste**

Taken up Research on "Increasing longevity of Shelf Life in Natural Solutions" to address Nutrition Insecurity through procuring excessive non-timber forest food products and resisting food waste. To develop technology/technique.. incubated with Telangana Agriculture University's AgHub and closely working with Osmania University's Microbiology Department and taking advice from senior scientists of National Institute of Nutrition, Hyderabad, Telangana India.

### **Recruitment**

Recruited two B.Sc. (Agriculture) Grads to do research in-house urban farming techniques to produce nutrient foods and nutrient Seed balls.

**Circular Economy:** Establish rural women clusters, rural Incubation and Micro Food Parks, and Farmer Producer Organisations to promote sustainable food systems.

- **Action Taken:** Closely associated with Jaikisan Organisation, New Delhi to create rural Incubation and Micro Food Clusters by women and Farmer Producer Organisations.

Already formed Rampachodavaram Agency Primitive Tribal Women Cluster with 2500 members and FPO in Andhra Pradesh, India.

Also formed an FPO and women cluster with 2500 rural women in Madhira, Telangana, India.

Actions are in rolling for training and further steps.

# Digital Enablement: Create a Cross Sales aggregate e-marketplace and monetize Decarbon Steps for all stakeholders.

- **Action Taken:** Has joined hands with International Institute of Information Technology, Gachibowli, Hyderabad, Telangana, India to e-marketplace for cross sales among cluster members and outside as well.

Also making an aggregate platform to sell all types of De-Carbon Solutions and Monetization Solutions on the same platform.

To attend this recruited one BTech CSE Grad to work offline and outsourced one senior expert to work virtually.

Prototype work has already started.

# GOALS OF SILVI FOOD PRODUCTS OPC PVT LTD

**Empowering Tribal Communities**

**Nourishing a Healthier Future**

**Investing in a Sustainable Future**

**Expanding Market Reach, Empowering  
Communities**

**Sustainable Practices for a Healthy Planet**

# Empowering Tribal Communities

## Good Agri Practices & Fair Trade

Silvi Foods provides good agri practices & fair-trade opportunities for tribal communities, ensuring they receive a fair price for their produce.

## Skill Development

Silvi Foods offer skill development programs to help tribal communities enhance their agricultural practices and business skills as part of social responsibility.

## Market Access

Silvi Foods helps tribal communities access wider markets, increasing their income and improving their livelihoods.

# Sustainable Practices for a Healthy Planet

## Forest Conservation

Silvi Foods works with tribal communities to implement sustainable harvesting techniques, protecting forests and ensuring their long-term health.

## Ecological Responsibility

Silvi Foods prioritize eco-friendly practices in their operations, minimizing their environmental impact and promoting responsible consumption.

# Nourishing a Healthier Future

## 1 Combatting Food Adulteration

Silvi Foods offers 100% natural and authentic products free from chemicals, pesticides and harmful additives, ensuring the purity and integrity of their food.

## 2 Supporting Healthy Lifestyles

Silvi products contain essential nutrients, vitamins, minerals, and antioxidants, promoting healthy eating habits and overall well-being.

# Expanding Market Reach, Empowering Communities

1

## Partnerships

Silvi Foods actively seeks partnerships with retailers, distributors, and other organizations to expand their market reach and impact.

2

## New Market Opportunities

Silvi Foods is exploring new market opportunities, including online platforms and international markets, to bring their products to a wider audience.

3

## Social Responsibility

Silvi Foods remains committed to its core values of social responsibility and environmental sustainability as it grows and expands.

# Investing in a Sustainable Future

## Social Impact

By choosing Silvi Foods, you are investing in the empowerment of tribal communities, supporting sustainable food practices, and promoting a healthier and Net Zero future for all.

## Environmental Responsibility

Their commitment to environmental sustainability ensures the protection of forests and the preservation of biodiversity for future generations.

## Market Reach

Silvi Foods' expansion into new markets will create a positive impact on both society and the environment by limiting carbon footprint and promoting healthy eating habits and sustainable practices on a larger scale in combatting nutrition insecurities.

# **Our Vision: A Sustainable and Equitable Future for the Food Industry**

Silvi Food Products is committed to being a leader in sustainable food systems, promoting environmental stewardship, social equity, and economic growth. We believe in building a future where food is produced, processed, and consumed in a way that is sustainable, equitable, and accessible to all.

# Join the Movement

Silvi Foods is more than just a food company; it's a movement that celebrates tradition, empowers communities, and nourishes a healthier future. Join us on this journey to create a more sustainable and equitable world, one delicious bite at a time.

# THANK YOU
